

LEV TESTING MAINTENANCE AND REPAIRS*

FXS offer LEV testing and maintenance for all industries across the United Kingdom. Based on procedures as referenced in HSG258, we provide:

- Thorough examination & test (TEXT) of your Local Exhaust Ventilation System (LEV)
- Manufacture and install LEV monitors
- System servicing, maintenance & repairs
- Replacement media & spare parts
- LEV (TEXT) reports
- Comprehensive service report
- Recommendations & repairs
- LEV Logbooks & user manuals
- System modifications & improvements
- Replacement LEV systems
